

The XYZ Corporation

Community & Civic Benefit to Central County

Economic Impact is only one way that companies leave their footprint on their local area. They and their employees can provide a wealth of energy and talent that contributes to the well-being of the community. XYZ Corporation engaged with Central County in many ways during the last fiscal year.

For example:

Last year, XYZ paid \$XXX in real estate taxes to Anytown. This figure was 8% of the tax base and represents a substantial contribution.

XYZ was the primary user and supporter of the local rail company. It paid \$850,000 for the rail company's operations in the last fiscal year.

XYZ's local utilities totaled nearly \$200,000 last year.

XYZ realizes the value of contributing to community and charitable organizations. The company routinely provides a 50% match for gifts that employees make to non-profit organizations.

XYZ sponsors a United Way campaign. 75% of XYZ's employees contributed to the United Way campaign last year. The company exceeded its campaign goal by 10%.

Fully one-third of XYZ's employees provided volunteer service to non-profit or civic organizations in Anytown last year. They worked with Boy Scouts, food banks, community clinics and a variety of other organizations. XYZ provides some release time for employees to participate in these activities during normal working hours.

Last year, XYZ's Vice President was elected to the Board of Directors of the Chamber of Commerce and will serve a three-year term.

XYZ was the official sponsor of last year's 4th of July parade in Anytown.
