

FOR IMMEDIATE RELEASE

McCLOSKEY™ ANNOUNCES NEW DEALER MANAGER

Daragh Cullen joins the green team to serve the eastern United States

Keene, ON, – August 20, 2019 – McCloskey International is pleased to announce the appointment of Daragh Cullen as Dealer Manager, primarily responsible for dealer relations and recruitment for the Eastern United States and Caribbean.

Cullen brings an extensive knowledge of the marketplace and over two decades in the industry to the position, working with major OEMs overseeing the Americas and Caribbean.

“The opportunity to work with one of the most recognized brands in the world – a leader in crushing and screening – is one that I am very excited about,” said Cullen. “McCloskey’s reputation for quality is one that I am proud to stand behind as a member of the team. I look forward to working with the dealers as we deliver the exceptional service the brand has become well-known for.”

In the position of Dealer Manager, he will continue the close working relationship McCloskey enjoys with its distribution partners, as well as identify and recruit prospective dealers.

“Daragh’s hands-on understanding of the equipment and the customer’s requirements allows him to foster key relationships, which will allow our sales organization to keep pace with the demand for McCloskey equipment,” said John O’Neill, Vice-President Sales and Marketing for McCloskey International. “This is a great opportunity for him, and for our company, to contribute to the growth and success of dealers in the region.”

Daragh will be based out of Florida and will be responsible for managing the company’s sales growth across the Caribbean and the eastern United States.

The appointment is effective immediately.

About McCloskey

McCloskey International Limited designs and manufactures innovative crushers, screeners, stacking conveyors and washing systems. Since 1985, McCloskey International has been exceeding expectations with reliable, durable and high performing products. McCloskey equipment is used across industries including aggregate, mining, construction & demolition, waste management & recycling, landscaping and composting to help achieve profitable volumes for customers around the world.
