American Eagle is the leading manufacturer of bulk conveyor components including primary and secondary belt cleaning systems, replacement blades for all major competitors, impact beds, modular chutes, chute liners, belt alignment systems, skirting systems, urethane skirting, and safety access doors. Additionally, we have excellent product offerings in slider and slide-n-roll beds, and screening.

With over 35 years of experience, we are the market leader in specialty urethane manufacturing. Our products out perform and outwear all other OEMs in the field. Our facility in New Bern, NC combines state of the art machining and urethane craftsmanship. Markets served include: coal, aggregate, pulp & paper, cement, fertilizer, food, recycling, as well as port and bulk material operations. Our complete line of products is sold exclusively through an expert network of specialized industry distributors.
