

Buffalo Wire Works Co., Inc. Acquires Bison Steel Inc.

Buffalo Wire Works Co., Inc. is excited to announce the acquisition of Bison Steel Inc. Buffalo Wire Works Co., Inc. is a dynamic company manufacturing highly engineered screening media and wear solutions for the Aggregate, Mining, and Industrial markets for 150+ years. As a leader in new innovative product technologies, Buffalo Wire Works Co., Inc. is known for producing highly engineered and unique products designed to provide the lowest possible operating cost per ton. Our range of products includes but is not limited to woven wire and self-cleaning screens, including our patented PFX-HT screen technology, urethane and rubber screening systems, and a full line of wear protection.

The purchase of Bison Steel Inc. further deepens Buffalo Wire Works Co., Inc.'s core product solutions portfolio. Bison Steel Inc. is the only manufacturer of high abrasion-resistant welded wire screens used in the Aggregate and Mining industries. Bison Steel Inc. screens are superior products proven to last at least 3 times longer than traditional woven wire screens. They are designed to reduce maintenance and increase production by up to 15%. Buffalo Wire Works is excited to launch this product as part of our ever-growing product suite.

Buffalo Wire Works Co., Inc. will continue servicing all customers with the best possible screening media solutions. Please contact us if you have any questions or want further information on our complete solutions portfolio.
